

PINOT NOIR

Sourced from vineyards perched on the dramatic cliffs of Santa Rita Hills, Luna's Pinot Noir is an expression of the best of the coastal, limestone soils that make up this captivating region.

The location of this sub-AVA lends gorgeous California sunshine for optimal ripeness and berry flavors while the ocean breeze cools the vineyard at night to retain natural acidity for freshness. These factors make this location and wine style unique. The Sta. Rita Hills AVA is recognized as the pinnacle of Southern California style and wine innovation.

Winemaker Shawna Miller imagines drinking this wine with dear friends along the California coast where this Pinot Noir came to be.

EXPECT NOTES OF

Sage & brambles, rose petals, and violets on the nose; Dried strawberry, black raspberry, and fragrant baking spice on the palate
