

SANGIOVESE RISERVA

Our 2017 Sangiovese Riserva comes from the Game Farm Vineyard on the Silverado Trail below Rector Creek Dam in Oakville.

This vineyard has continuously produced the extraordinary grapes selected for our Sangiovese. It was chosen for its *Brunello* clone and shallow, rocky soil. In these soils, the stressed vines produce the superior quality Riserva.

The 2017 vintage experienced yields resulting in condensed fruit flavors and bold tannins that allow for great aging potential.
