

2018 Pinot Grigio

California

Vineyard

The 2018 vintage was a perfect growing year due to idyllic weather conditions. The growing season was consistent fostering even ripening, resulting in complex and balanced flavor development. Our Pinot Grigio is sourced from selected vineyards in Northern California.

90% Pinot Grigio, 10% French Colombard.

Winemaking

Our Pinot Grigio grapes were whole-cluster pressed on the same day they were picked. The juice was fermented in stainless steel at cool temperatures to preserve the delicate fruit aromas, and each vineyard lot was kept separate until blending and bottling.

Tasting Notes

Consistent with past vintages, our Italian-style Pinot Grigio exhibits aromas of apricot and Meyer lemon with delicate flavors of fresh white peach. Our 2018 vintage has refreshingly zesty citrus notes, lively texture, and the excellent balance we love in Pinot Grigio. Our goal is to make a lower alcohol wine with aromatics and a refreshing finish which can accompany a beautiful summer day or a nice seafood dinner.
